2.2 Student Representatives

- 2.3 Grade 7: Everyone has masks on quite often in the class now. Before winter break when we had to go to online learning for three days it was much better than in the spring of 2020. All students get along with one another. There is a new student in the class and they are liking it here at PWS.
- 2.4 Grade 8: We did really well during the online learning for 3 days in December. Teachers had prepared us for this. We are doing more online using technology this year. Teacher are finding new ways to do group activities that includes social distancing.
- 2.5 Grade 9: Not much has happened since the last meeting. We have started projects on African Heritage for Math and Citizenship. During Mr. Beattie's class we discuss world issues. The topics rance from racism to sexism to pride. Overall, these discussions are received well. Today we watched the inauguration of US President Joe Biden.

3. School Success Plan Update

- This year there will be no written SSP report. Teachers are still meeting to discuss SSP . One new initiative was looking at math marks and having individual meetings with math teachers, parents and students. Identify the individual needs. Provide teachers with supports and resources.
